

What's in The High School Solution?

Complete guidance for homeschooling high school with 56 hours of how-to training, and comprehensive tools and templates for every age and stage of high school. Materials include video, audio, Word, Excel, pdf, and extensive online resources.

Works with PC or Mac (with free or paid MS Office software).

4 Core Modules

- A complete three hour training class on "Preparing to Homeschool High School" presented in webinar form and with a live audience
- Detailed training on homeschooling all the age groups, from middle school through senior year
- Specific help for all stages, from getting started, planning high school courses and understanding high school testing, to college admission and scholarships
- Thorough classes on choosing curriculum, encouraging delight directed learning, and teaching advanced subjects like math, science, and English

4 Resource Packs

- Live monthly webinar for additional training and support, with live question and answer
- Supplemental classes with Dr. Jay Wile on how and why homeschooling works, and the real story about college and faith
- Tools and templates including a planning guide, grading criteria, record keeping samples, and assignment sheets
- College prep calendar for each year from middle school through senior year

4 Bonus Packs

- Motivation pack: Complete training on how to deal with the lack of motivation in teens and the art and science of motivating your teenager taught with Andrew Pudewa
- Taming Technology pack: Six hour training course with experts in the fields of technology and internet addition to help you set logical technology boundaries with your children and teens
- Finding the Faith pack: Two part training seminar teaching scriptural foundations and fortitude for homeschooling high school
- Best book discounts: 71-75% off my full length books, Setting the Records Straight, The HomeScholar Guide to College Admission and Scholarships, TechnoLogic and Finding the Faith to Homeschool High School.

Surprise Bonuses

- Four surprise bonus packs with five hours of training and four bonus ebooks. Look for surprise bonuses with your purchase, for added value!
